Join our walk as we establish a new West Coast tradition of celebrating life. On January 22nd walk with thousands on San Francisco's waterfront to show support for women and their children hurt by abortion.

Our mission in establishing West Coast Walk for Life is to shed light on all issues of life, but particularly to change hearts hurt by the violence of abortion. *Life is the best and only good choice!*

Women—and all people—deserve better than abortion.

We are asking you to help us: By coming and walking with us to show your support of life in all its forms, from conception to natural death. We ask that you start organizing your churches, schools and other organizations to be part of this historic day.

We call upon all people of good will to join us!
